CLUB NEWS!

Parkland Bowbenders was pleased to see a record number of members at the club this year! Everyone was fantastic in respecting social distancing rules and Covid protocols while at the range. Using our outdoor facility was a great getaway for individuals to take part in safe physical activity during a very difficult time. In an ongoing effort to improve the club, we were able to complete road reconstruction up to the first turn and also purchased three new large 3D targets (Moose, Bison, and Red Stag). Construction of additional elevated stands was also completed so members now have three elevated platforms to shoot from. We can't wait for spring 2021 to set up new 3D loops that are interesting and challenging for all shooting abilities!
