

## Border Archery Hex 7.5 Limbs for Sale

Selling my ILF Border Hex7.5 limbs. The limbs are the TOP of the line from Border Archery. Length is medium, foam core. These fire arrows like darts! Unfortunately this is the first ILB bow I've ever put together and didn't account for the weight change when using a short riser. The weight is too much for me to shoot comfortably. The limbs are brand new, I bought them last month! I'm selling them to off load them quickly so I can purchase another set a tad lighter. These are rated 50lbs. Located in St Albert. I can ship if need be, Cash or EMT. 550\$ that's a steal, I paid just shy of 1k shipped last month. Call me @ 780 699 5434, the name is Trapper.
